I would like to subscribe to the Karl's Farm Community Supported Agriculture Program. I understand that this is a community supported venture and although the growers are committed to providing high quality naturally grown produce, there are risks in agriculture that will be shared by the whole community and that any and all payments made by me to Karl's Farm are non-refundable. I understand that this membership payment entitles me to a share of the weekly CSA harvests during the 2018 fall growing season selected above only and that I am responsible for returning the empty share boxes in a timely manner.
